

Dr. Cem Gultekin

Lower Limb & Trauma
Orthopaedic Surgeon
MD, FRACS, FAOrthoA

I would like to introduce myself and inform you that I consult at the Mayo Consulting Suite, Mayo Private Hospital and the Dolphin Consulting Suite, Forster Private Hospital, and I provide surgical services at the Mayo Private Hospital.

I commenced work in the Manning/Great Lakes area in 2015 as a Visiting Medical Officer Orthopaedic Surgeon at Manning Base Hospital.

My original medical degree was obtained at Hacettepe University, Ankara, Turkey, after which I completed my orthopaedic training at the Cerrahpasa Faculty of Medicine, a major teaching Hospital in Istanbul. I have Fellowships of the Royal Australasian College of Surgeons and Australian Orthopaedic Association.

Since 2003 I have worked at Tamworth Hospital and Armidale Hospital in NSW and at Toowoomba Base Hospital in Queensland.

I have worked at Manning Base Hospital as a Locum Orthopaedic Surgeon for more than a year and it has been a privilege to work in this area and to offer my orthopaedic expertise. I have an interest in primary hip and knee replacement and trauma.

Having worked in rural Australia for the past 13 years I have a strong understanding of the rural social environment and I do not charge gap payments for surgical procedures.

Over time, I hope to meet every GP in the area and I look forward to working with you in managing your patients' orthopaedic conditions.
